

How to access Dancing Heart[™] Live via Zoom on your computer, tablet or smart phone.

1. If you haven't used Zoom before, you'll need to download the free Zoom software (or app, if you're on a smartphone or tablet). It's called "Zoom Client for Meetings." It would be a good idea to download it in advance [here](#). (You can find where to download the mobile apps [here](#) too - just scroll down a bit.) On your computer, find "Zoom.pkg" (or something similar, like "Zoom.exe") in your downloads and double-click it to install the application.
2. The day of the show, we will send you a link which you can click to join the show on Zoom. **(Here is the link for this Thursday's, 3/26/20 show: <https://zoom.us/j/853086446>)**. Once you click the link, your computer will open a new browser window and you'll be prompted to open (or download) Zoom. Depending on your browser, you may see a message asking if you'd like to allow the browser to open the link in Zoom - choose "allow" or "open." Enter your name and your email address when prompted. **We'll go live at 10 a.m. and we'll allow several minutes for folks to join before the show starts at 10:15.**
3. Once there, if you are a bit early, just wait! We'll be starting at 10:15.
4. **If you have any technology issues during or before the session please feel free to contact Bri Ristow at 651-235-1237.**

Dancing Heart[™] Live on Zoom Thursdays, 10:15-11am Central

A Program of the Northeast Minnesota Creative Communities Broadband Project:
Connection and Health through Art, Science and Technology.
